

Landerdale, Wis

July 10th 190-

My dear Mr Fernald -

Thank you for
extra copies of the List of
Plants obtained on the Peary
Auxiliary Exped of '94.

Very pleasant reading - such
a list - for a hot mid summer
day like this.

I was much pleased to
be remembered by Mr Bryant
in a copy of the full Report -
which I received before we left
Rockford - but relig. only laid
aside for reading at the books.

Yours sincerely
J. S. Webb
